**WELCOME**

*Rested and relaxed, happy and serene, awake and focused.*

When was the last time you felt like this? These are however the ingredients for a happy and balanced, long life. The overall experience WEISSENHAUS is formed by many various events, whereby at the end of your journey a well-balanced body and mind are the favoured results.

More than 400 years ago, WEISSENHAUS was already dedicated to summer hideaways, recreation and regeneration. We have been a retreat for international guests even before the word had been invented. The visit in our SCHLOSSTHERME is therefore an accompanying, essential step on the way to complete regeneration.

It is clear to us: Nature has taught us everything we know.

The main ingredients for beautiful skin and a strong body can be found outside in our castle park: long walks in the sand or along the cliffed coast, the inhalation of sea air in combination with the fragrance of spruce resin, the paths through wind and weather are only interrupted by the chirping of the birds and the glances of curious deer and herons at the castle pond.

See you!

Your WEISSENHAUS hosts

## WEISSENHAUS EXPERIENCE NATURAL ENERGY

On the occasion of the highest award with four lilies in the renowned Relax Guide, we have thought of something very special for our guests. We were looking for WEISSENHAUS-aromas and essences that reflect the energy of our forests and the nature surrounding us and make it tangible. This has created an effective and soothing triad of forest herbs, fragrances from our rose & aroma garden and the experienced hands of our wellness therapists.

Feel the energy of the forest and settle into the right mood for your feel-good ritual during a fragrant, soothing, detoxifying footbath. A nourishing full-body peeling based on hay flowers and apricot kernel extract is gently massaged in and prepares your skin and senses for the subsequent toning herbal rub. Enjoy the fantastic effect of the refreshing forest essence with pure silver fir needle oil. You will be well prepared and will then enjoy a full body massage with VITALIS Deep Relax Oil Essence. Stress, tension and distracting thoughts evaporate with the essential forest scents into thin air.

*„We know: The fastest way to find yourself is through nature.“*
